

Historical References to Lakes and Streams of Kosciusko County

Resources available at Grace College's Morgan Library

The following materials are part of Morgan Library's rare book collection and can be accessed with permission of library staff.

❖ References to the Indiana University Biological Station – One paragraph to several pages in each reference, describing the station and classes offered there each year.

- Winona: May 1932
- Winona Yearbook: 1930, 1908, 1924, 1921, 1910, 1905, 1902, 1919, 1907, 1909
- Winona Yearbook and Program: 1904
- Winona Quarterly: April 1912, 1915
- Winona Herald: 1917, 1918
- Winona Assembly Review: May 1900, 1901
- Program of the Winona Assembly: 1902

❖ Scientific Reports on Lakes and Streams

- *Quantitative Study of the Bottom Fauna of Lake Wawasee* (1928)
 - Call Number: QL 146 .I5 v.1 no.1
- *Investigations of Indiana Lakes and Streams*, volume 1 (1938)
 - Includes the followings six reports
 - The bottom fauna of Tippecanoe Lake
 - A limnological investigation of the White River
 - Eggs produced by fresh-water fishes
 - Indiana streams and trout production
 - Invertebrate fauna of Indiana streams
 - Food of *Amia* and *Lepidosteus*
 - Call Number: QL 146 .I5 v.1 no.4-9
- *Investigations of Indiana Lakes and Streams*, volume 2 (1941)
 - Includes the following two reports:
 - Emergence of Insects from Winona Lake
 - The distribution of chemical constituents in accumulated sediments of Tippecanoe Lake
 - Call Number: QL 146 .I5 v.2 no.1-2

- *Accumulated Sediment in Tippecanoe Lake and a Comparison with Winona Lake* (from 1930's)
 - Call Number: QH 105 .I6 T49

- *Reports from the Indiana University Biological Station at Winona Lake* (1902)
 - Includes the following two sections:
 - Maps of Winona, Pike and Center Lakes
 - Fauna and Flora of Winona Lake, Parts A, B, C, D
 - Call Number: QH 541.5 .L3 I53 1902

- *First Report of the Biological Station* (1895)
 - Includes the following sections:
 - Part 1: Turkey Lake (Lake Wawasee) as a Unit of Environment
 - Part 2: The Inhabitants of Turkey Lake
 - Part 3: Variations
 - Call Number: QH 541.5 .L3 I53 1895

- *Investigations of Indiana Lakes* (1928)
 - Includes the following five reports:
 - A Quantitative Study of the Bottom Fauna of Lake Wawasee (Turkey Lake)
 - Rate of Growth of Fishes in Indiana
 - ◆ Many Kosciusko County lakes were studied in this report.
 - Bottom Fauna of Tippecanoe Lake
 - A Survey of Some Northern Indiana Streams with special reference to trout production
 - ◆ Includes several Kosciusko County streams as study locations.
 - Ecological study of the invertebrate fauna of some northern Indiana streams
 - Call Number: QL 146 .I5 1928

- *Lentic Studies of Kosciusko County, Indiana Lakes*
 - A compilation of the following four lake studies:
 - A study of sedimentation in Winona Lake (1936)
 - Report on the lakes of the Tippecanoe River basin (1916)
 - Sedimentation in Winona Lake and Tippecanoe Lake, Kosciusko County, IN from July 31, 1930 to July 30, 1935
 - The Accumulated Sediment in Tippecanoe Lake and a Comparison with Winona Lake
 - Call Number: QL 146 .I5 1992

- *Reports from the Biological Station at Winona Lake* (1902)
 - Includes the following two reports:
 - Maps of Winona, Pike, and Center lakes
 - Fauna and Flora of Winona Lake
 - Call Number: QH105 .I6 R47 1902

- *Food and Feeding Habits for Freshwater Mussels* (1914)
 - Report written based on observations made at the IU Biological Station on Winona Lake
 - Call Number: QL 430.6 .A45 1914

- *Aquatic Mollusca of the Tippecanoe River System* (1932)
 - Call Number: QL 415 .I6 W91 1932

- *A Study of the Sedimentation of Winona Lake* (1937)
 - Call Number: QH 105 .I6 .W73

- *Winona Lake; Barbee Lakes – From the Pages of Outdoor Indiana, 1952*
 - Compilation of the following two main articles:
 - Winona Lake and Need for Additional Lake Studies
 - Barbee Lakes Near North Webster (description of the lakes, fishing, water levels, economics)
 - Call Number: QH 541.5 .L3 D64 2004
