

HEADWATERS

A core publication of the Lilly Center for Lakes & Streams | Winter 2022

**We can't wait
to celebrate
our 15th year
with you.
The party begins
right now!**

LILLY CENTER FOR
**LAKES
& STREAMS**

A COUNTY-WIDE MISSION DESERVES A COUNTY-WIDE CELEBRATION.

You may have noticed: This is an extra-special edition of our Feburary print newsletter!

Take a look at the insert included with this newsletter. On the front, you can follow the stream through time to see **15 pivotal events** celebrating 15 years of lake science and education at the Lilly Center. On the back, you can read the **story of our founding** and learn what the future holds.

It is all thanks to supporters like you!

Months ago, our team began brainstorming a way to make this year special. It needed to be family-friendly. It needed to be based in the outdoors. It also needed to say a huge “thank you” to those who make our work possible.

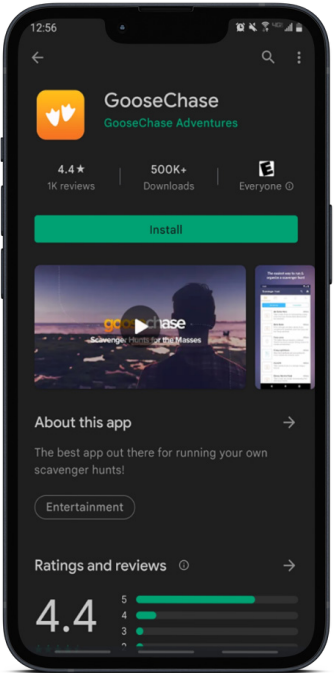

The perfect idea came together quickly. For the first time, we are host-

Clean,
healthy,
safe &
beautiful

ing a **summer-long, county-wide scavenger hunt**. Our hope is that you will explore new parts of the county, make new memories on the lakes ... and win fun prizes!

The hunt will start on Memorial Day and end on Labor Day. Throughout the summer, you can complete challenges to win points. Points lead to prizes! All challenges are family-friendly and some can even be completed from home. At the end of the summer, you will have a chance to win one of three special giveaways: an aerial tour of the county; an inflatable paddle board; or a boating excursion on Winona Lake.

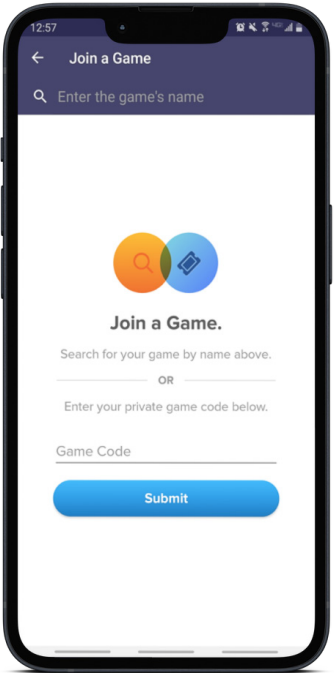

Join the game today and get notified when it starts in May! Follow the simple steps on the right.

01
Download the **GooseChase** app from your app store.

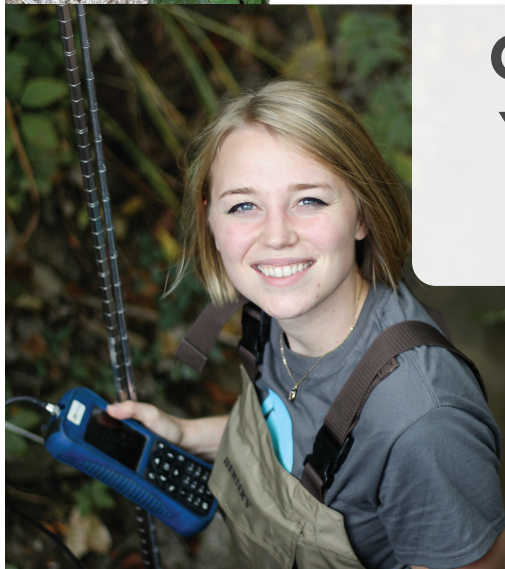

02
Open the app. Click **Play as Guest**.

03
Enter the game code and click **Submit**.
Game Code: ZMWQ79

04 Enter your name and add a profile picture. You're done!

CELEBRATING 15 YEARS OF LAKE RESEARCH
